

Google Ads — Ad Group Setup & Tracking Sheet

Ad group: SEC+ Portal Access · **Campaign:** SEC+ SY0-701 · Exam prep · becertifiedtoday · **Channel:** Search · **Product:** CompTIA Security+ SY0-701 · **Site:** becertifiedtoday.com

Document version: 2026-06-07 · **Landing page:** /comptia-sec+-home.html · **Portal (post-purchase):** /COMP_TIA_SEC+/SEC+_Training_Portal.html

Do not advertise simulation-only. Timed exam is included with 10-day or 30-day full library access only. List price on page: **\$19.99 / 30 days**. One-time visitor offer while on site: **\$9.99 / 10 days** (popup / sticky — not in ad headline alone).

1. Campaign settings (parent)

Setting	Value	Notes
Campaign name	SEC+ SY0-701 · Exam prep · becertifiedtoday	Security+ only — pause CCNA / ENCOR
Campaign type	Search	Not Display, not Performance Max for this group
Campaign status	Enabled	☐ Confirmed in Ads UI
Networks	Search Network only	☐ Uncheck Search partners until baseline data (optional)
Locations	United States (or your target geo)	☐ Set · ☐ Location options: Presence
Languages	English	
Daily budget	\$10.00 USD	Campaign-level budget
Bidding strategy	Maximize clicks	☐ Set max CPC bid limit
Max CPC bid limit	\$2.50 USD	Campaign or ad group cap
Ad rotation	Optimize (default)	
Start / end dates	No end date	
UTM campaign	secplus_portal	Matches campaign-attribution.js / GA4

2. Ad group settings — SEC+ Portal Access

Setting	Value	Notes
Ad group name	SEC+ Portal Access	Full library / portal access purchase intent
Ad group status	Enabled	☐ Created · ☐ Enabled
Ad group type	Standard Search ad group	Not Dynamic Search Ads
Default max CPC	\$2.50 USD	Match campaign cap or lower after data
Ad group bid strategy	Inherit campaign (Maximize clicks)	
Intent	High — core exam / practice test queries	SY0-701, Security+ practice, exam prep
Negative keywords	Campaign level (recommended)	See Section 5 — do not duplicate at ad group unless testing

Final URL (paste into every RSA)

https://becertifiedtoday.com/comptia-sec+-home.html#purchase?
utm_source=google&utm_medium=cpc&utm_campaign=secplus_portal&utm_content=portal-access

Display path (optional)

Path 1	Path 2
--------	--------

Security-Plus	SY0-701-Prep
---------------	--------------

3. Conversion & tracking

Goal	Event / action	Primary?	Status
Purchase — 30-day	Stripe checkout secplus-portal-30d	☐ Primary	☐ Linked in Google Ads
Purchase — 10-day	Stripe checkout secplus-portal-10d	☐ Secondary	☐ Linked in Google Ads
Begin checkout	GA4 begin_checkout	☐ Secondary	☐ Imported
Free sample start	Sample questions / dark web PBQ	☐ Observation	Engagement signal
NOT a conversion	secplus-test-simulation (voucher only)	—	Do not bid or advertise

GA4 property: G-YTT6KBHX7V · Auto-tagging: ☐ ON · gclid persists via campaign-attribution.js

4. Positive keywords — SEC+ Portal Access

Paste one keyword per line in Google Ads → Keywords → Search keywords. Brackets = Exact; quotes = Phrase.

Exact match [] — 18 keywords
